Maja Mishevska

Providence, RI 02912 | (401) 346 2828 | maja_mishevska@brown.edu | linkedin.com/in/maja-mishevska

Education

Brown University Providence, RI
Sc.B. in Computer Science and A.B. in Gender and Sexuality Studies; GPA: 4.00 *May 2027*

- **Relevant Coursework:** Human-Computer Interaction, Software Engineering, Data Structures and Algorithms, Computer Systems, Statistical Inference, Cybersecurity, Programming Languages, Computer Vision, Linear Algebra.

Experience

Software Development Engineer Intern San Francisco, CA
Amazon Web Services *Jun 2026 – Aug 2026*

- Designed and shipped a **Kotlin-based trigger post-processing framework** using AWS Lambda, SQS, and a plugin architecture, enabling extensible automated actions after workflow completion.
- Drove product and architecture decisions for post-workflow automation in **Amazon QuickSight**, supporting success/failure notifications and output handling across a product serving **100K+ customers**.

AI Software Engineer Providence, RI
United Nations & Brown University Department of Computer Science *Dec 2025 – May 2026*

- Built an AI-powered policy analysis platform across **400+ Afghanistan policy articles**, implementing embedding-based semantic retrieval, automated topic labeling, and LLM-assisted summarization.
- Collaborated with UN and research stakeholders to translate policy-analysis needs into search and discovery workflows; work was featured at the **UN Second World Summit for Social Development**.

Software Engineer & UX Fellow Boston, MA
Public Interest Technology - New England *May 2025 – Jul 2025*

- Built and launched a bilingual civic engagement hub using **Next.js, Strapi, and AWS S3**, expanding access to public resources for **65K+ Boston residents** in partnership with the Boston City Council.
- Served as **Scrum Lead**, owning frontend architecture, sprint planning, and UI/UX iteration informed by resident workshops and stakeholder feedback.

Leadership

Product Lead Providence, RI
Brown Product Management *Jan 2026 – Present*

- Led product engagements with early-stage startups **Roam and Sabab** and the **Urban Land Institute (ULI)**, owning product strategy, UI/UX, and feature development from discovery through implementation.
- Turned insights from **75+ users** into new feature concepts and go-to-market recommendations.

Head Teaching Assistant Providence, RI
Brown University Department of Computer Science *May 2025 – Present*

- Mentored **180+ students** in iterative prototyping, AI systems, user research, and human-centered evaluation, providing technical and product feedback throughout project development.
- Developed lectures, assignments, and project frameworks adopted across multiple course iterations, translating HCI and AI concepts into hands-on curricula.

Awards & Publications

Randy Pausch Undergraduate Research Award ($13,350, awarded annually to 1 of 1,200 undergraduates) 2026
Gendered Privacy Risks in AI Companion Apps *Annual Boston Security Usability Research Day (ABSURD)* 2026
Winner, Figma Make-a-Thon 2025

Skills

Technical: Python, JavaScript/TypeScript, React, Next.js, Node.js, headless CMS, REST APIs
Product & UX: User interviews, survey design, A/B testing, iterative experimentation, accessibility, NVivo
Tools: Figma, Git, AWS, Docker, Jupyter/Colab, Qualtrics, Prolific, Notion
Languages: English, Macedonian, Italian, German, Serbian
